RED HILL ESTATES FIGURES IN DEAL; SALES DRIVE SOON

George J. O'Brien, Los Angeles,
Assumes Control of the
Local Property

EXCLUSIVE AREA IS SEEN

Effort Will Be Made to Place
Local People on Red
Hill District

As further evidence of the growing interest in Red Hill Estates, H. F. Naisbitt made the announcement today that his firm has just completed a deal whereby George J. O'Brien of Los Angeles has an option on all unsold lots on Red Hill Estates and has assumed sales control.

This means that a very energetic campaign will be launched immediately to sell this high class residential property to people of the citrus district. Mr. O'Brien will be on the property as the sales representative for the first time tomorrow afternoon.

Experienced in real estate promotion, Mr. O'Brien said that in his opinion nowhere in Southern California can there be found such an ideal location for suburban estates.

Red Hill Estates are on Red Hill, adjoining the Red Hill Country club and golf course, a very short distance on Foothill boulevard from the center of Upland. The subdivision is a recent one and is limited in area. All of the estates are situated on the high portions of the hill and will make a small and exclusive residential community.

The Los Angeles man expressed the belief that the estates in the subdivision will be quickly disposed of due to their large size and low price, and also because there will be no assessments against the Estates for paving and utilities, which have been arranged for by the Red Hill Estates company.

It is understood that Mr. O'Brien's investigation has so thoroughly convinced him of the great merit and fine future of this section of the county that he has already commenced negotiations for other properties in this vicinity.

Mr. O'Brien and his organization have been organized for eight years, during which time nearly \$2,000,000 of California real estate has been sold.

\$1000 "Fine" Paid By Crombie Allen At Rotary Meeting

Perhaps the largest "fine" ever paid during a service club meeting was given by Crombie Allen, Ontario, former editor of the Ontario Daily Report, at the session of the Ontario Rotary club yesterday noon. No amount was specified in the "fine" but Mr. Allen wrote out a check for \$1,000.

George P. Weldon, president, called attention of the club members to the fact that George Tully in a new book, "Beggars Abroad," includes the name of "Crombie Allen, that Rotarian miracle," along with the names of H. G. Wells and George Bernard Shaw.

Recognition won by members usually is followed at a club meeting by some jesting and joshing. Such was the case yesterday as the members united in Casa Blanca hotel.

Mr. Weldon called upon the sergeant-at-arms to "collect" from Mr. Allen for such an honor.

To the amazement of all present, Mr. Allen handed over a check for \$1,000. The money will be used in the club's welfare work, as directed by the officers.

Archie L. Moore, accompanied by Mrs. Moore sang two solos as a musical feature of the meeting.

Proposed Law on Parking Is Tabled

Indications are there will be no law restricting parking in Upland.

A delegation of Upland businessmen appeared at the city council meeting last night and discussion resulted in the proposed ordinance being tabled.

It was suggested that a petition calling for a "gentlemen's agreement" be circulated. The petition would pledge each businessman not to park his machine or allow his employees' machines to be parked any length of time on the street.

Edward E. Gray, city attorney, had prepared an ordinance restricting parking to two hours.

In the delegation protesting the proposed law were Owen Atwood, Guy Clark, Roy Creighton, Francis Rogers and Perry Long.

Francis Luce Named Head of Ontario Club

Francis Luce, known to many Uplanders, will be the next president of the Ontario 20-30 club as the result of the semi-annual election held Wednesday night.

EDISON RATES TO SAVE PEOPLE HERE \$15,000 ANNUALLY

Reduction Will Affect All of
Southland; Saving
\$775,000

UPLAND GETS ITS SHARE

Third Major Voluntary Reduction Is Announced by
President Ballard

Under the name of the Southern California Edison company, Santa Claus came today and his gift is a reduction of \$15,000 annually in the light and power rates for this district.

This \$15,000 reduction is a part of the \$775,000 that will be realized in savings to all Edison consumers during the year, according to Glenn D. Smith, manager of the company for the Ontario district.

The new lower rates will be effective May 1, 1931, the rate schedule having been approved by the state railroad commission Dec. 17.

Announcement of the general reduction was made by R. H. Ballard, president of the company. The reductions apply to industrial and agricultural consumers throughout Southern California.

This rate reduction will constitute the company's third major voluntary reduction since 1927 and the eighth of a series of voluntary reductions inaugurated in 1920, according to Mr. Ballard. The last voluntary reduction, which became effective November 1, 1929, lowered lighting rates for the company's consumers, effecting a saving of approximately \$1,400,000 a year. The number of consumers benefiting from this reduction was 427,000.

"In passing to the commission this plan for reduction of industrial and agricultural service rates, the Southern California Edison Company, Ltd., is conforming to its announced policy of passing on to consumers, in the form of rate reductions, the benefits of economies in company operations," the president said.

Following the request through the columns of The Upland News for presents for the poor children Mrs. Mary Eckerman reports that there have been many articles of most every kind received except dolls. In addition to the generous services of Mankor & Benson the LaDelle Shop has generously offered to dress all dolls donated for this altruistic cause. The wreaths will be used to decorate the Christmas tree which will be a feature of the Sunday school program to be given at the Methodist church Tuesday night, and the baskets of candy will be distributed as gifts.

Mrs. Dundas used holly in decorating her home and a contributed dish dinner was served at the noon hour.

Investigation is being conducted today to determine who it was that robbed Lorenzo Sepulveda, Cucamonga Mexican, of \$470 this week while the man was slightly under the influence of liquor.

Sepulveda was arrested by Jack Brown, deputy sheriff, on a suspicion of robbery, but his case was dropped when he appeared before Judge James Sharp yesterday.

New Plan Is Outlined To Assist Workers In Smudging Activity

Local persons wanting employment may get an opportunity to earn a wage, following a night of smudging and Clair E. Kirk, chamber secretary, suggested that persons call at his office early in the morning. After a night of smudging, Mr. Kirk said, "the growers need men to refill pots."

Mr. Kirk suggested that growers take note of the fact and call the chamber office when men are wanted. Names of local persons—men and women—wanting work have been filed at the chamber office. These persons are available at any time.

In the new plan concerning the smudge work, Mr. Kirk stated that all men wanting work should report early at his office—after a general smudge.

CARLYLE SAMPSON WINS HIGH HONOR

Upland Boy and Graduate of
Chaffey Is President of
Honorary Society

Signal honor has been conferred recently upon an Upland boy, Carlyle Sampson, son of Mr. and Mrs. John I. Sampson, 1345 Campus avenue, as revealed in a commendatory letter to the parents from R. H. Whitten, president of Woodbury college in Los Angeles, where the young man is taking a course in business training.

In the letter the college president says:

"I wish to congratulate you on the wonderful work that Carlyle is doing. As he now doubt has told you, he is now president of Phi Gamma Kappa, a national honorary scholarship fraternity which ranks with Phi Beta Kappa in its standards and requirements. Membership in this society is the highest scholastic honor Woodbury confers."

Among the offices held by the Upland boy at Woodbury, the college paper, "Woodberries," lists: president of the Foreign Trade club, director of Woodbury concert orchestra, vice-president of Gamma Sigma Pi, president of Los Angeles Accountants' association, president of the Debating Council, and secretary of his group.

Smooth Floor Work to
Get Safe Lead

By a score of 33 to 9, Chaffey defeated Orange high school this afternoon. At 8 o'clock tonight the Tigers will play the winner of the Huntington Beach-Anaheim game, under way at 3:15 o'clock this afternoon. San Diego and Whittier will play at 7 o'clock tonight.

Outclassing Grossmont in floor work, but not shining so bright in the basketballing business, Chaffey won its first match in the annual Southern Counties basketball tournament at Huntington Beach last night 36 to 14. Newport Harbor high school, failing to enter the meet at the last moment, a re-drawing was made necessary and Chaffey played the opponents on a nearly even basis for the first half, the period ending 19 to 12.

Close guarding kept Grossmont under cover, only one basket being netted, while Chaffey showed a few flashes of scoring and piled up a safe lead.

Captain Dave Meek led in the scoring.

One feature of the starting combination was that all five players are from the Upland district. Meek played at center with Henry Doll of Upland and Noel Brown, Etiwanda, forwards; Cy Gunstream, Eighth street, and Eldon Naftel, Upland, guards.

At 2 o'clock this afternoon, Chaffey played Orange and the winner of this game will play the winner of the Anaheim-Huntington Beach game at 3:15 tonight.

Whittier smothered Brea 72 to 22 in the opener, while Fullerton defeated Garden Grove, Tustin won over Chino and in a practice game San Diego outplayed Huntington Beach.

Whittier, San Diego and Fullerton have the strongest teams other than Chaffey, according to Ernest W. Fischer, Chaffey vice-principal, who telephoned The Upland News this morning of the opening games.

Orange defeated Oceanside 21 to 17 to win the right to play Chaffey.

Christmas Party Is Given For G. A. R.

A very successful Christmas dinner and election of officers featured the social and business meetings of the Woman's Relief Corps held Thursday in the American Legion hall in Ontario. With comrades of the G. A. R. their wives and their widows as special guests, a contributed dish dinner that included all the accepted seasonal dishes, was served at tables gay with Christmas decorations, 100 members and guests gathered about the festive board.

A miniature Santa Claus, a jolly little fellow, and a bag of candy were attractive favors at each place. The W. R. C. members each brought gifts and a brightly decorated Christmas tree was laden with the presents, each one present receiving a gift.

Later the attractive favors were sent to the G. A. R. members and others who were not able to be present.

Following the dinner the business meetings were held, the G. A. R. meeting at 1 p. m. and the W. R. C. at 1:30.

The W. R. C. election of officers resulted in Mrs. Iva Marr being re-elected president. Other officers are Mrs. Lillie McConkey, senior vice-president; Mrs. Mary Waterman, junior vice-president; Mrs. Emma Lagenschulte, re-elected, treasurer; Mrs. Ethel Riggs, re-elected, con-

Mexicans following a shooting affray in Cucamonga.

So tomorrow night, a banquet, royally prepared, will be given in honor of Mr. Brown. Other police officers in the district will be present. It is reported that a diamond studded police badge will be presented to Mr. Brown by the Honorary Mexican society.

Christmas Mailing Shuns Depression: Public Is Thanked

No signs of depression are noted at the Upland postoffice as letters and packages go out to friends in just as large a number as ever. L. N. Kirk, postmaster, said today in reviewing the activity at his office in one of the best weeks ever experienced here.

"It has been remarkable the way the people have responded to the plea for 'early mailing,'" Mr. Kirk said. "The mail came in early and gradually and at no time have people had to wait at the windows any length of time."

Mr. Kirk and his staff are very grateful for the cooperation and wanted the public to know that the efforts were appreciated.

Cash receipts this Christmas season equal the receipts at this time a year ago, according to the postmaster.

NEW TRAFFIC LAW HERE CONSIDERED

Proposed Measure Will Unify
All Present Measures and
Add New Ones

Traffic ordinances and traffic signals will be regulated in a new ordinance, covering all local vehicle activities, and the proposed measure was given attention by the city councilmen last night.

William Atchley, whose bee business takes him through many cities, expressed the belief that major arteries in a community should be protected by "stop" signs on minor streets. He said this in reference to Tenth street, which at present is protected by signs on all but Second avenue. Edward E. Gray, city attorney, may frame an ordinance that will call for the placing of a sign at Second.

The ordinance will also provide for the placing of an automatic traffic signal at Foothill boulevard and Euclid avenue, the measure giving local officers the power to enforce the signal warnings.

In the past, parking spaces in the business district have been indicated by strips of white paint, but "buttons" were ordered purchased, these to be placed as a substitute for the white lines. Richard G. Manley, city service manager will purchase 1500 buttons at a cost of 15 cents each.

INSURANCE RATES MAY BE AFFECTED IN SURVEY TODAY

Board of Fire Underwriters
Will Close Study of Fire
Defense Here

CITY IN SEVENTH CLASS

Recommendations on Suggested
Changes Will Be
Given Officials

Survey to determine the possibility of fire insurance rates in Upland being reduced will be completed tonight by two engineers of the Board of Fire Underwriters of the Pacific, and it is expected that within two weeks, city officials will receive from the engineers recommendations on how to increase the city's fire fighting facilities.

Each city is graded on the basis of its defense against fires, John H. Colton, one of the men said. The survey includes study of nearly 100 points, major ones of which are water supply, water mains, surplus of water over the domestic consumption, type of building construction and fire fighting equipment.

Ten general grades for all cities are established, the first grade being perfect conditions for fire fighting defense, and each grade requiring less down to grade No. 10. Upland is in the seventh grade.

If a detailed study of the survey finds that local conditions place the city in the sixth grade, fire insurance rates will be reduced, Mr. Colton explained. With him is Carl R. Small, and the two men have been here since Tuesday, making a careful study of this city's defense against fires.

In the Los Angeles office of the Underwriters, the field data will be completed and given further study. In the meantime, the two men will compile recommendations and direct these to the city councilmen as a guide or suggested improvements.

Mr. Colton said that he could not hazard a guess on this city's rating at present.

The men have been in Ontario and the two cities will be considered at the same time.

Town Grave Diggers

In nearly every community may be found quite a number of persons who consider themselves important, but who in truth are helping to dig a grave for their town, says an exchange.

They do it through their failure to support the institutions which make the town what it is. They do it by sending away for merchandise which might be bought with equal advantage at home. They do it frequently through thoughtlessness, but through sheer disregard of the community of which they are a part.

The doctrine of buying at home is not advanced solely in the interest of individual merchants. It is advocated because every citizen of a town is to a certain extent dependent upon every other citizen for his own prosperity.

All the fine talk about civic pride that we may indulge in will never make a town, so long as the life blood of the community—the cold cash—is spent elsewhere.

A man may make boasting speeches until he is black in the face, but unless he spends his money where he makes it he is a home-town grave-digger.

It takes money to build home institutions, churches, schools and the like in Upland. And they can't be built here with the money you spend in some other town or city. Talk don't go very far toward helping your town progress unless it is backed up with your cash.

One of the "publicity hounds" at the University of California observes that "to the public observing from seats in the stadium football players look like mature, tough athletes. To those who know them they are just good-natured kids just a little bigger and huskier than the average boys of their age." We note that this comment came after the Notre Dame game. However, this News Guy is just good enough a sport to favor the home team when an inter-sectional football game is on—whether or not they were our favorite team on the coast before that time. When we were in the middle west we were for that section "tooth and toenail"—but when we came to California we transferred our loyalty to the Pacific coast. And—according to this U. S. C. publicity: The average age of the lineup of the Trojan starting squad this year was 21. The youngest is only 18 and the oldest 23.

After several years of unsuccessful efforts to get a local hardware merchant to advertise, the publisher of a Kansas weekly newspaper recently was surprised to receive an order for a full page advertisement from the former non-advertiser. Glancing at the copy the publisher saw that it advertised a "closing out sale." The hardware man was going out of business. His advertising competitors had taken his trade and there was nothing left for him to do but quit. So the newspaper man had landed his prospect at last. The merchant recognized the power of advertising to help him to get out of business, but had never tried to use it as a means of staying in business. There are a good many merchants like that.

That was a nice entertainment put on by local talent for the benefit of the Women's club this week. The only objection we can offer is that the club women would have benefitted a great deal more and the entertainment would have been just as good or better if some local party had done the directing. The trouble with these "benefits" worked up by outside parties is that they get most of the "benefit" and the local organization sponsoring it gets what cash is left—and quite frequently that is very little.

Says the San Bernardino Sun: "The six-hour day may be all right, but doesn't it interfere with the laws of nature? How about the old rule of eight hours' work, eight hours' rest and eight hours' sleep? But maybe after eight hours of the kind of rest people get nowadays, we'll need the two extra hours for sleep."

Marrying three women without any divorces isn't insanity, according to a Los Angeles judge who recently had such a case tried in his court. Wonder if it wouldn't be a good idea to try the judge on a similar charge? There must be something wrong with the thinking apparatus of the fellow who will marry more than once—whether he has a divorce or not.

CHRISTMAS TO BE BRIGHT FOR NEEDY

City Organized to Care For All Local People Who Need Assistance

As the result of this city conducting its Christmas giving preparations through only one organized committee, indications today are that no family will be without necessities and a few presents on Christmas and no needy family will receive more than the others.

In the chamber of commerce office there are many cans of foods, articles of clothing and other necessities. Toys and gifts are in the Manker & Benson store being re-painted, and will be included in the distribution.

Some persons have contributed money, with which articles will be purchased and distributed as the need is found. Only persons and families in the Upland district will receive the contributions and the welfare committee, local pastors and Clair E. Kirk, chamber secretary, were meeting this afternoon to definitely arrange the distribution.

The next morning the car was found, unharmed, parked in an alley near the Ontario ice plant.

Charles Allen has purchased a lot on Rudy street and will build a bungalow, where he and Mrs. Allen will make their home.

Mr. and Mrs. W. C. Riley had as their guests this week Mr. and Mrs. M. R. Green of Mason City, Iowa, who are touring California.

Mr. and Mrs. Floyd Atwood have returned from their wedding trip and are spending the Christmas holidays with Mr. and Mrs. J. J. Atwood. Mr. Atwood is building a new home on his grove on West Fourteenth street.

Mr. and Mrs. F. F. Chafe of Council Grove, Kan., arrived Wednesday to visit Major and Mrs. P. J. Potts of Third avenue.

son. The welfare committee, the churches and other organizations joined with the chamber of commerce, and the receiving and distribution program is meeting with response from many individuals and groups.

"The checks are bigger since I joined the Exchange"

This is instantly relayed to the 23 District Exchanges and 210 local associations through the News Bureau Teletype. By advertising, the Exchange has won preference for its Sunkist brand with the trade and

I'm with the Exchange from now on—for the one, big reason that I average higher returns for my crops under the Sunkist brand.

"I've proved it to my complete satisfaction—and I've tried it in and out. I've sold for cash. I've shipped through other organizations.

"My common sense has told me that the Exchange ought to find the best market for my fruit. It sets the pace. It is able to know the market as other agencies can't hope to. Its fruit has the benefit of a long-standing brand preference. And it stands to reason that it should give a better service at lower cost because it has the advantages of large scale operation.

"In spite of cold, hard reasoning I've tried the other methods. I've checked them all in dollars and cents. And now I'm in the Exchange for good—because on the average, year in and year out, short crop and heavy, the checks are bigger when I sell with the majority."

The facts are that no fresh fruit industry in the world has sales and service facilities comparable to those of the Exchange. And without them, none is able to get comparable returns. Trained salesmen, operating in 55 sales districts, blanket the market and furnish instant sales information to the Los Angeles office.

public, has popularized new uses and opened new markets at home and abroad. As a logical result, the Exchange actually does average the highest net return for its members.

Interested non-member growers—Learn the facts. The manager of your nearest District Exchange or Exchange Association will be glad to answer your questions and acquaint you with the many reasons why over 75% of California and Arizona citrus growers find Exchange membership profitable. Or write, Growers Service Bureau, Box 530, Station C, Los Angeles.

Sunkist ORANGES LEMONS GRAPEFRUIT

WHAT THE EXCHANGE IS: The California Fruit Growers Exchange is a non-profit organization of more than 12,500 citrus fruit growers, producing over 75% of the California and Arizona citrus crop, operated by and for them on a cooperative basis. Its object is to develop the national and international market for its Oranges, Lemons and Grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual cost of operation, are returned to growers. Applications are received through all the Exchange's 210 local packing associations, 25 District Exchanges, or at the central office in Los Angeles.

"Swift & Company Pays Me Cash For My Produce"

"When I take my butterfat, eggs and poultry to the nearest Swift & Company produce plant, I get the going market price for the best I can deliver. And I'm only one of the 200,000 producers taking supplies to the 80 odd Swift plants."

"That will give you some idea of the huge quantities which Swift & Company must buy each day in order to keep supplies of Brookfield Butter, Brookfield Eggs and Premium Milked Chickens moving along 600 car routes and 400 branch houses to every community in the country. This nation-wide distribution makes a Swift producer independent of local glut or shortages."

"Imagine how efficient this organization must be in order to pay cash to its 200,000 producers; to give its 45,000 shareholders a return on their investment—and, by the way, I'm one of those shareholders. And, finally, so that it can expand and thrive on a margin of less than 2 cents on each dollar of sales."

"Part of this organization of 58,000 people, who receive just wages, are home folks of ours. They live right here, build their homes with us, patronize our local merchants, pay taxes like you and me. You bet I'm glad to be in this family."

Padua Hills Scene of Lovely Luncheon and Bridge Wednesday

"Padua Hills" was the setting for a smartly appointed luncheon-bridge when Mrs. Wayne E. Morse of Cucamonga and her daughter, Mrs. Arthur Pehl, of Upland, were co-hostesses on Wednesday afternoon to a group of their friends at the charming "Little Theater" the new Spanish Inn which nestles in the foothill slopes north of Claremont. Here in romantic patios overlooking the valley, the arriving guests basked in the gay sunshine, while Spanish girls in colorful costumes flitted in and out among the party.

Following the delectable luncheon served in the dining lobbies, beautified with great vases of scarlet poinsettias emphasizing the Christmas motif, tables were arranged for the auction play of the afternoon.

At the conclusion of the tourney, a table of prizes prettily wrapped in the holiday colors, were awarded the winners in succession as follows: Mrs. Lloyd Dickens, best score; Mrs. Verner H. Wilson, second prize; Mrs. Norman Springer, Mrs. H. H. Thomas, Mrs. B. F. Warner and Miss Gertrude Reid. Mrs. E. C. Rosenberger was winner of the "cut" prize.

H. E. O. Club Enjoys Meeting With Mrs. Gaither—

A happy meeting of the H. E. O. club was held Tuesday when the members and their guests gathered at the home of Mrs. Oscar Gaither in San Antonio canyon for a delightful luncheon and afternoon of bridge.

Yuletide decorations prevailed, red candles and wild cherry being used. The afternoon passed very pleasantly, the time being devoted to bridge with some to spare for merry conversation.

Mrs. Gaither's guests were Mrs. George Gregg, Mrs. A. N. Baker, Mrs. Ben Strother, Mrs. M. E. Hilly, Mrs. C. K. Francisco, members, and Mrs. Mary Eckerman and Mrs. Alfred Kipp, guests.

Minstrel Cast Given After-Show Supper

By way of showing their appreciation for the cheerful cooperation and hard work so faithfully done by the large cast of characters who successfully presented the Upland Woman's club show, "Minstrel Follies", Monday and Tuesday nights, members of the club and the cast who assumed the responsibility for the production, were hostesses to the entire cast following the show Tuesday night, when they gathered at the home of Mrs. Gus Anderson on East Tenth street and held a merry party.

The prize-winning cake-walkers donated their two handsome cakes, Mrs. W. H. Tuttle baked two marvelous angel food cakes, and several others furnished delicious sandwiches and coffee, all of which made a most satisfying repast for the hungry cast.

The club women wished par-

ticularly to provide a happy time for the young people following their hard work and after the informal buffet supper, those who desired enjoyed dancing for a time.

Mrs. Craig Hostess to Tuesday Evening Bridge Club—

With every member present, the Tuesday Evening Bridge club enjoyed a happy meeting Tuesday when Mrs. John B. Craig entertained with a bridge dinner at her home on West Tenth street.

Christmas decorations were used and the prettily appointed tables at which the excellent dinner was served were gay with Yuletide emblems.

The evening of bridge playing resulted in Mrs. W. H. Craig, Jr., winning first prize, while second prize went to Mrs. P. H. McQuillen.

Enjoying the party were Mrs. Paul Adams, Mrs. Paul Bodenhamer, Mrs. R. B. Bordwell, Mrs. W. H. Craig, Jr., Mrs. E. C. Mehl, Mrs. H. C. Moore, Mrs. Sam Rowe, Mrs. Clair E. Kirk, Mrs. R. H. Los Serranos Chapter Observes Christmas

A Christmas party featured the meeting of the Los Serranos Chapter, Daughters of the American Revolution, held with Mrs. Ray Delhauer, 603 North Lemon, Wednesday afternoon.

The program was opened by the reading of the story of the Christ child from St. Luke by Mrs. E. F. Wells.

Mrs. Amos Colborn told of Christmas at Valley Forge, described as the "darkest hour" of the Revolution. She contrasted the joyous festivities enjoyed in the south when at the same time no celebrations were permitted by the Puritans of New England. Finally she described Christmas at Old Monterey in 1776 the season of out-door picnics, fandangoes and bull fights.

A group of carols was arranged by Mrs. Ralph Myers who accompanied Miss Helen Dyer, Mrs. B. F. Wells, Mrs. A. B. Richardson and Mrs. George Wing.

Miss Tessie Bennett reported having taken 310 Christmas packages to the Chino Mexican school children.

Donations were received by Mrs. Charles Knoll to be sent

to Angel Island.

Assisting Mrs. Delhauer were Mrs. Charles Knoll, Mrs. B. F. Wells, Mrs. Jennie Holtz and Miss Helen Dyer.

J. J. Atwood Surprised With Birthday Party—

Unmindful of the momentous importance of the day, Wednesday, Dec. 17, J. J. Atwood left the store near closing time and wended his way homeward bearing with him a bag of tasty doughnuts to help out with the evening meal.

However, upon reaching home he found the rooms prettily decorated with sweetpeas and holly and Mrs. Atwood was preparing to serve a roast turkey dinner, including the many good dishes that belong on such a menu.

Increasing Mr. Atwood's surprise and pleasure was the presence for the dinner of all the children, except the daughter, Mrs. Dundas, of El Centro. There were the five sons, Owen, Glenn, Floyd, Eldon and Warren and their wives, also Viola Dundas, the eldest grandchild, and the other grandchildren, all youthful Atwoods, Martelle, Jack and Phyllis, Bob and Teddy, Jimmie and Louise, and little Barbara Jean of San Bernardino. The dinner was served cafe-

teria style and the big birthday cake made Mr. Atwood realize that he was one year older than at this time last year. Members of the family joined in presenting the father with a handsome gift and the merry family party was over.

Paul Moore Will Wed Salt Lake City Girl—

In a recent issue of the Salt Lake Tribune there appeared a social item that will be of much interest to Upland friends of Paul C. Moore, son of Mr. and Mrs. S. G. Moore of Euclid avenue.

The Tribune told of Mrs. George Roberts, Jr., of Salt Lake City, announcing at a charming dinner party the engagement of her daughter, Florence, to Mr. Moore, the wedding to be in the near future.

Mr. Moore is a native of Upland and was reared here, graduating from Chaffey with the class of '25 and being a member of a number of societies here. He attended the University of Washington in Seattle for three years and at present is a federal inspector in Berkeley. Miss Martha Stavelly Is Hostess to Piano Pupils—

Laying aside work for a time and very happily turning their attention to play, the piano pupils of Miss Martha Stavelly enjoyed a merry party Monday afternoon. Miss Stavelly being hostess at her home, 262 Euclid avenue.

No program was attempted, that seeming too much like work for the children, and the afternoon was devoted entirely to happy play, the feature being a "clue hunt," in which the young guests followed various clues in a successful hunt for numerous gifts, including tasty delicacies which later were distributed and eaten.

After the holidays the pupils will be presented in recital. In the group are Dorothy Ann Ward, Betty Gingerich, Donna Murkins, Ernestine Thompson, Loine and Geraldine Gish, Etta Lindsey, Earline Karr, Leola Larkford, Dorothy and Roberta Manley, Clarence Larkford, Phil and Ned Vaughan, Billy Naugle and Elbert Lindsey.

Ernest W. Fischer, vice-principal of Chaffey high school, left Wednesday evening for Newport Beach, where he will spend the greater part of the Christmas holidays with his family.

Beulah College

The Ventura girls' reformatory called to the gospel team of Beulah college to hold a service there on Dec. 14.

Last Sunday morning a group of ten Beulah college students and faculty members started to Ventura to hold the afternoon service.

Arriving there near the noon hour the group ate their lunch, very much like other picnic lunches, on the sand.

The afternoon service at the girls' reformatory was in charge of Miss Hannah Eyer, one of the faculty members of Beulah college. Rev. William Lewis, a student, gave the main address of the afternoon. Other speeches were rendered by Miss Ida Eckman, Miss Mary Kreider and Miss Eyer. The special music for the service was given by the senior trio, consisting of Miss Sarah Wolgemuth, Miss Janna Goins and Miss Leoda Smith.

After the service the group was treated with light refreshments which had been made by the inmates of the school. Then they were taken through the building in which the inmates were first received on their arrival at that place.

Beulah college was again represented at Midnight Mission, Los Angeles, Friday evening, Dec. 12, when a group of students, faculty members and friends of Beulah college had charge of a service there.

"Bro." Tom Liddecoat, founder of the mission for the down-and-out men of the city, has granted the college the privilege of conducting a service at that place once a month. This service has been held regularly for nearly four years under the auspices of the college.

The true Christmas spirit permeated the evening's program of the College Scholastic society on Monday, Dec. 15. Phases of the Christmas message were presented in talks given by several college students. Christmas music added its charm to the evening's enjoyment. Anna G. Burbaker and Mrs. H. G. Brubaker sang "Silent Night," and Neva Benson presented the piano number, "Twilight Chimes."

The program is said to be the best the society has ever rendered.

Minstrel Show Given By Woman's Club Is Accorded Praise

Discounting the hard work and worries attendant upon short time preparation for such a production, rollicking entertainment for the two enthusiastic audiences, fun and frolic for the members of the large cast, particularly the younger people, and a substantial sum for the treasury of the Upland Woman's club, were the net results of the very splendid show, "Minstrel Follies," given Monday and Tuesday evenings in the grammar school auditorium, the minstrel being sponsored by the Woman's club and directed by Miss Dagmar Landberg of Denver.

The first night's presentation of the show was pronounced a splendid one and won the hearty approval of the audience; however with the experience thus gained the cast united in presenting a second performance Tuesday night that moved with a verve and harmonious precision that lifted the minstrel above the usual amateur rating.

The closing number on the program and one that proved of outstanding interest to the audience because of the prominent club women taking part, was the blackface cakewalk in which a decorated cake was awarded as prize to the best dusky dancers, Mrs. Harry Plum, and Mrs. L. H. Jorgensen taking the cake in a storm of applause Monday night and Mrs. W. H. Tuttle and Mrs. Gus Anderson winning hands down Tuesday night.

Following the opening chorus with a background of dusky dames, Showman Gene Nisbet and his wise-cracking end men and white shirted "scotchies," put on a peppy minstrel show of darktown jokes, snappy tap dancing and fancy stepping, in whistling, splendidly sung songs, solos and choruses, that started the rounds of hearty applause and merry laughter that continued throughout the entire show.

In the second part of the program the feminine part of the cast took the lead, one of the several clever features being Coney Island Sadie, Gladys Bowden, leading her gang of blackface boys. Other captivating numbers were dapper Earl Carroll, Thores King, and his dainty chorus beauties, a truly beautiful song in Spanish by Miss Ethel Leeke, specialty dances by Helen Samuel, Two Black Crows by Ted Moses and John Homewood, and fancy step dancing by Phyllis Moeller, Norman Thrall and Frances Herring, the cakewalk being the grand finale.

The club women deeply appreciate both the patronage accorded by the public and the splendid cooperation and hard work of the cast, particularly the young people who so generously gave of their time and talent. Those in direct charge

of the play also wish to thank the club members who appeared in the cast and who otherwise assisted.

Shirley Snyder, pianist and Miss Marian Short, violinist, accompanied all the numbers. Appearing in the cast were Mrs. W. H. Tuttle, Mrs. Gus Anderson, Mrs. A. J. Colgan, Mrs. George Gregg, Mrs. L. H. Jorgensen, Mrs. Harry Plum, Mrs. Nora Eells, Mrs. Arthur Pehl, Miss Ethel Leeke, Helen Samuel, Phyllis Moeller, Helen Bowden, Ruth Mathews, Ruth Hilly, Helen Guy, Esther Guy, Helen Taylor, Gloria Foss, Louise Norton, Thores King, Gene Nisbet, Jack Granger, Ernie King, Ellery Wright, John Homewood, Phill Hamilton, Bill Lewis, Bill Seguin, Ted MacLaren, Ted Moses, Boris Cherbak, Leo Cherbak, Jack Sheehan and Norman Thrall.

Mrs. Kirk used chrysanthemums for her decorations and a delectable contributed dish luncheon was enjoyed. The afternoon was very pleasantly spent in chatting and discussing Christmas plans as the guests worked on their embroidery pieces.

Mrs. H. C. Van Dusen will entertain the club at the meeting in January.

Enjoying the day as guests of Mrs. Kirk were Mrs. Van Dusen, Mrs. A. N. Baker, Mrs. Bertha Dean, Mrs. C. O. Deverts, Mrs. J. L. Miner, Mrs. C. K. Francisco and Mrs. J. T. Salisbury.

Red, White and Blue Club Social Planned

Members of the Red, White and Blue club will gather in Crowell hall on Tuesday, Jan. 6, for a contributed dish luncheon, according to plans made yesterday at the regular meeting of the Woman's Relief Corps. In addition to the luncheon there will be a social meeting during the afternoon.

Miss Bergman Complimented By Ben Hur Members

Taking advantage of the gathering last night of a number of members of the Ben Hur association, which includes Upland, Ontario and Pomona, friends and relatives of Miss Lena Mae Bergman, whose marriage to Lawrence Delk will take place next Wednesday, Dec. 24, presented her with a miscellaneous shower of lovely gifts.

Members of the association hold a social meeting every two weeks and Mr. and Mrs. J. F. Hamilton entertained last night at their home on West Seventh street.

A profusion of Chinese lilies combined with Christmas colors were used in the house decorations, and a program of music and various amusements were enjoyed.

The shower of gifts was presented by little Virginia and Bobby Riggs who brought in

the prettily wrapped packages and a pleasant time was spent in inspection of the gifts. The serving of refreshments concluded the happy evening.

Those attending were Mr. and Mrs. Earl Riggs, Miss Geraldine Riggs and Virginia and Bobby, Dr. and Mrs. C. B. Hoffman and J. R. Carter of Pomona, Lawrence Delk, Phil Hamilton, Mr. and Mrs. Gus Bergman, Miss Lena Mae Bergman and Mr. and Mrs. Hamilton.

Are Staging a

Round-Up In Honor of SANTA CLAUS

COWBOYS DELUXE, fresh from Sunkist Ranchos, herders of the Golden Apples of Hesperides, are jingling their spurs in The Human Service Station wondering how they're going to look in False whiskers and making Wassail at The Fountain of Youth Bar.

FAR BE IT FROM US to commercialize the situation, but when these hard riding buckaroos walk up to one of our Ladies in waiting and insist on playing Santa Claus—we give 'em the best we have—and that's plenty good this year.

TOUGH to have to furnish all this literature and then pay Harry Guy to print it, BUT—our Motto this Yuletide is—

"EXTRA-ACCEPTABLE GIFTS—AT EXTRA-ECONOMICAL PRICES"

By the way—our FRAMED MOTTOES are so good—and handsome—that I bought one myself. At least they're worth a passing glance.

—MAC SAYS SO!

MY NOBLE UNDERSTUDY—the undernourished spendthrift—Senor Huxtable, says he is selling Kodaks and Brownies so cheap that they will be common as Cadillacs used to be before Wall Street became a ghost canyon.

VARIETY IS THE SPICE OF LIFE—and it's a great help when it comes to selecting something nifty for yawning socks. Boy—have we it???? We've got everything except bells for your toes and lard for your hair. The Chief Hoss Wrangler even stocked jeweled curry combs and they're all sold out.

"TOBACCO IS A FILTHY WEED"—But e'en so—if he smokes or otherwise woos the goddess Nicotine—there is something about a Box of Seegars and other allied inflammable material that tickles the Brute. We have LIGHTERS that light—and one big, handsome, he-man device that, placed on the proper desk or smoke table—will convince the world that here is a tool of the idle rich.

—and say—whatever you give—SWEETEN IT. Spending your Jack with reckless abandon—you might provide your entire harem with Lincoln Coupes equipped with satin suspenders, but if you neglected to tuck a box of Chic CHOCOLATES under your arm as you started out to collect the postage you might find cracked ice on the davenport. HOLD YOUR FIRE till you see the whites of our eyes.

THE NEXT-BEST BUY IN COLLISION INSURANCE COSTS 25% MORE!

Many stock insurance companies have just decided to write the Cumulative or Participating form of Automobile Collision Insurance. This provides exactly the same coverage as the Zurich Full Coverage Participating Policy which has been on the market nearly two years. But the other companies charge 25% more!

Thus, our policy continues to be the best buy in collision insurance—and it is NOT a cut-rate proposition. Issued by a strong progressive stock company, nationally famous for prompt payment of claims, our policy is rated on the same basis which we originally adopted. Here is our plan:

You pay only ONE-HALF of the regular full-coverage collision premium. If losses occur you pay such losses to the extent of the other half of the premium (receiving credit for each loss sustained). Thereafter ZURICH pays all further losses in full.

You need Collision Insurance against damage to your own car. We recommend the Zurich Participating Full Coverage Policy because it is the most attractive contract on the market—and it will SAVE YOU MONEY.

HOLLYWOOD WOMAN STARTS REST HOME

Old Price Place at 24th and Euclid Reconstructed in New Venture Here

In all probability not many Upland people know that for several months a rest home has been conducted at Twenty-fourth street and Euclid avenue. Evelyn Miller of Hollywood, who conducts the Home Inn in that city, has purchased the old Price place in this city and has given it the same name as her Hollywood enterprise. The Hollywood place is conducted as a sanitarium for chronic cases and elderly people, while the Upland institution is a rest home. After regaining their health a number of the patients come from Hollywood for a period of rest here.

Miss Miller states she has been surprised at the business her new venture in Upland has done since she began operating it. It is an ideal place for tired and overworked business men and a number of these come out from the city to spend the week end or for a longer period. Room and board are furnished the guests and the number is constantly on the increase. Mrs. Miller is of the opinion that within a year or less she will have to build an addition to the Home Inn here. She spends each Tuesday and Saturday in Upland looking after the business here.

Sunday School Class Names New Officers

With more than 25 members and guests attending, the Serving Others Sunday school class of the Mennonite church met in the social hall Tuesday night and held an election of officers. Arnold Weber, retiring class president, presided, and the class elected John Rahn as the new president. Mrs. Emilie Roeben was named secretary-treasurer.

The meeting was opened with a contributed dish dinner served at prettily decorated tables, Christmas candles and holly being used.

The business meeting and election followed and concluding the meeting the Rev. and Mrs. A. J. Neuenchwander, the pastor and his wife, sang a duet and assembly singing of Christmas carols was enjoyed.

CHAFFEY SWIMMERS WILL BE IN LEAGUE

Interest on Campus Following
Class Contest to Result
in New Meets

As the result of the increased interest in swimming on the Chaffey campus and due to the fine showing of the water men in the class meets held last week, definite plans are being made to enter a Chaffey team in the C. B. I. contests in the spring.

Fred H. Clapp, director, said today that Chaffey has good prospects and that a Tiger team will be entered for the first time. A local team did compete last year, but the notice was short and the season was not considered as one of real competition.

The seniors defeated the juniors and the sophomore team won over the freshmen team in the Chaffey class meets and the freshmen outswam the sophomores in the jay-see competition.

Much interest was shown and an all-school meet will be held early in 1931, Mr. Clapp said.

CHRISTMAS SPIRIT SEEN AT MEETING

Lions Hear Chorus and Observe
Holiday Season at The
Sycamores

Christmas spirit, in its jollity and seriousness, was prevalent throughout the meeting of the Upland Lions club in The Sycamores at noon yesterday and the outstanding feature was the presentation of Christmas carols by a chorus under the direction of Mrs. Earl H. Johnson.

Dr. Bert Foster called the attention of the Lions and guests to the importance of Christmas and the serious side of the holiday season and appealed to the group to spend time in thinking of what the Christmas origin means to mankind.

Each member brought a gift for some other member, names had been drawn at the meeting a week ago and the distribution of the presents provided opportunity for considerable merriment.

Before the singing by the chorus, Mrs. Johnson was presented with a gift as a token of the club's appreciation for interest in being at the club meetings each week as accompanist on the piano.

In the chorus were Phyllis Moore, Marian Brownless, Sarah O'Brien and Marian Sturdivant, Earl Johnson and Frank Lemon.

Little Betty Faith Moore holding a candle led the chorus into the meeting auditorium and sang a Christmas song. With the light of the candle, held by Baby Moore, Leonard Mather read the Christmas story, stopping at ap-

The program, planned by Mrs. Johnson, was impressive and fittingly carried out the Christmas theme.

No club meeting will be held next Thursday and on Dec. 31, the local club will join with the Ontario Lions club at Ontario.

CHAFFEY GRID MEN ARE NEARING HOME

Victorious Panthers Will Land
Either Tomorrow or Sunday Is Word

Chaffey's victorious and traveling junior college football team will arrive from their Honolulu voyage either tomorrow night or Sunday morning, the definite time not being known today, Dr. Merton E. Hill, principal, reported.

Officials of the Los Angeles Steamship company had advised him that the docking time had not been made known. At any rate, Uplanders and others throughout the Chaffey district will join in a great welcome to the boys who conquered two of the best Hawaiian prep grid teams on Dec. 6 and 13.

Advanced reports are to the effect that the Chaffey players have been treated like kings and that a year's school education has been packed into a short month while traveling the blue ocean and meeting and seeing things aboard ship and on the island.

Earl Bryden and William Bowden of Upland are among the returning players.

Cucamonga Christmas Program Is Planned

WIDE ACTIVITY IN SCOUT WORK SEEN THROUGH REPORTS

Old Baldy Council Convenes For Annual Meeting at Pomona

Closing a year of marked activity and development, the annual meeting of the Old Baldy council, Boy Scouts of America, held last night at the Community club, Pomona, featured a summary of the highlights of the year. This was done through an interesting "scandal trial" conducted by Eagle Scouts of the Knights of Dunamis, who in a surprise trial charged the board of directors with a neglect of duty.

The evidence of activity which was brought out during the cross examinations, however, convinced the jury of scoutmasters that a great deal had been accomplished during the year. The case was dismissed, but the board members were sentenced to 365 days of continued hard labor.

Among the activities which have been outstanding during the past year were the formation of five new troops for Mexican boys. This unusual development was made possible by Mr. and Mrs. George Winter, who provided the funds for the work, and by Pedro Espino, Eagle scout of this city, who organized these troops. Other notable features of the reports were that 729 merit badges have been received by scouts during

the year, and 1,100 boys have gone on camps. The council is one of 40 out of the 600 councils in the United States to offer complete training for scoutmasters. This is due to the special interest Chaffey junior college has taken in the work. The present membership is 729 boys, and 72 scoutmasters and assistants.

Judge Arthur Keech of the Superior Court, Los Angeles, spoke last night on the subject of "Scouting's Contribution to Citizenship." Those attending from Upland district included Mr. and Mrs. Robt. Henderson, Mr. and Mrs. Ray Norton, Mr. and Mrs. Geo. Winter, A. B. Whitney and George Harrison, Kenneth Hanson, Mr. and Mrs. H. A. Ledig, O. P. Whitney, F. R. Owings, A. H. Bridge, Mr. and Mrs. John Frost, and Mr. and Mrs. John Scott.
